

Children's Rights and Responsibilities

May 2002

SCHOOL → **St. Modan's High School, Stirling**

FOCUS → **Active Pupil Council**

Initiatives or projects in place to encourage the development of rights and responsibilities, education for citizenship or active pupil participation in decision-making.

The creation of active pupil councils which are seen by pupils to have an effect on their school lives.

How these initiatives are being monitored and evaluated.

By regular meetings, information to the main body in form classes and assemblies. Pupil feedback has indicated that they feel all reasonable requests have been considered positively.

What are some of the biggest challenges faced by teachers or young people in implementing the initiatives or projects?

The only major challenge is financial constraint

What has worked well?

The level of pupil participation and sense of ownership. Meetings are chaired and conducted by S6 pupils.

What did not work & lessons learned?

We could improve on feedback to others in the school community. This is under review for next session.

Future plans?

- To involve pupils in:
- School development planning
 - The appointments procedure
 - Consultation on PPP (Public Private Partnership) proposals
